- 2) No non-member guests are allowed to shoot.
- 3) Prior to receiving a key and being authorized to shoot off-hours, the club member must successfully complete an orientation/training session where all the proper procedures and rules will be explained in order to insure the member can safely and correctly operate the equipment. After completing the orientation/training session, and before receiving a key to the houses, the member will sign an authorization/waiver form acknowledging their understanding and acceptance of the rules and liabilities.
- 4) The orientation/training session will be offered three (3) times per year or whenever there are a sufficient number of people that have requested authorization for off-hour shooting to efficiently schedule a session.

- 11) If a problem with a machine is encountered, the member will not attempt to fix the problem. The member will cease shooting, record the issue in the log book, & call the phone number in the log book to notify club management of the details of the problem.
- 12) At the conclusion of shooting, the member will record the details of their shooting in a log book that is located on the wall inside the Skeet houses where the cords are stored.
- 13) Details that will be recorded in the log book include:
